SUBJECT: Senator Pell's Declassification Request

1. I am enclosing the letter from Senator Pell requesting the additional declassification of DCI Helm's 5 May 1971 testimony before the Foreign Relations Committee. The Senator asks that we honor the request made by researchers at the National Archives for further downgrading of specific passages.

2. While I have sent an interim response to the Senator, I need to know who in your office will be my point of contact on this request and what I should expect as a realistic time frame for our final answer to the Senator.

3. I look forward to hearing from you -- [ ]
